

## Kindergarten & Grade 1 Immunizations

Public Health Units offer immunization clinics throughout the year for Kindergarten aged children. If your child has not receive their “kindergarten” immunizations **or** your child is in different grade and you are unsure if they missed any vaccines, please call the **Peninsula Health Unit** to book an appointment or speak with a Public Health Nurse.

### **Routine Kindergarten Vaccine (given between 4yrs-6yrs) include:**

- [Tetanus, Diphtheria, Pertussis, Polio \(Tdap-IPV\) Vaccine | HealthLink BC](#)
- [Measles, Mumps, Rubella and Varicella \(MMRV\) Vaccine | HealthLink BC](#)

### **For more information:**

- [B.C. Immunization Schedules | HealthLink BC](#)
- Call 811 (Speak to a Health Professional 24/7)
- Your family doctor
